## Glossary

### First Owner

When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.

### New Owner Reported

When a vehicle is sold to a new owner, the Title must be transferred to the new owner(s) at a Department of Motor Vehicles.

### Ownership History

CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after 1991 and titled solely in the US including Puerto Rico. Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.

**Title Issued**

A state issues a title to provide a vehicle owner with proof of ownership. Each title has a unique number. Each title or registration record on a CARFAX report does not necessarily indicate a change in ownership. In Canada, a registration and bill of sale are used as proof of ownership.

Our prices are based on Italian pricing and not higher USA pricing which is the reason many customers order from us. Although we stock 10 million in new parts in both of our 20,000 sq ft facilities and have over 200 cars on site being parted out we are a revolving door. What is in stock today may not be in stock later that night. What we currently do not have may be back in stock in a day or two. If your item is in stock we will ship within 2 business days, if your item is not in stock it will be automatically placed on one of our weekly orders from Italy. It may take up to 2 weeks for you part to arrive to us; depending on Italy's lead time in addition to clearing customs. If you have any questions, reply to this email or contact us at [sales@ferrparts.com](mailto:sales@ferrparts.com)
